C. Status of Earlier-Filed Cases

Statement of Reasons for Relatedness

This matter, the earlier-filed cases identified herein, and related proceedings are among more than 100 class actions filed against Equifax, Inc. and its affiliates and subsidiaries arising out of a data breach affecting more than 140 million U.S. consumers' sensitive and personal consumer files.

As alleged in the Complaint filed in this matter, Equifax failed to take the most basic measures to protect Plaintiffs and other affected consumers against known risks.

Plaintiffs contend these matters are related because the claims allege similar causes of action based on similar facts and seeking similar relief. All such actions are potentially subject to pending motions for transfer and consolidation before the Joint Panel on Multidistrict Litigation. In re: Equifax, Inc. Customer Data Security Breach Litigation, MDL 2800.
